## USIM'S DA'WAH & ISLAMIC MANAGEMENT, COUNSELLING AND COMMUNICATION PROGRAMS

The Faculty of Leadership and Management, formerly known as the Faculty of Dakwah and Islamic Management, is one of the earliest faculties established by the University. The objectives of the faculty are to produce graduates who are experts in the philosophy of dakwah; to produce mature graduates in the field of Islamic studies who are able to carry out duties professionally and contribute to the development of the society and the nation in the field of dakwah.

The faculty offers three undergraduate programmes leading to Bachelor of Dakwah and Islamic Management (Hons.), Bachelor of Counselling (Hons.) and Bachelor of Communication (Hons.).

Dean, Faculty of Leadership and Management,  
 Prof. Dr. Datin Sri Mizan Adillah A. Ibrahim

The Bachelor of Da'wah and Islamic Management program aims to produce experts with knowledge, skills and Islamic ethics in the field of Da'wah and management to

fulfil the current needs of the society, the nation and the *ummah*.  
 The Bachelor of Counselling (Honours) aims to produce professional counsellors with knowledge, skills and ethics in counselling. The graduates have a strong foundation in the field of Islamic studies to fulfil the current and future needs of society. Societal problems now require not just trained counsellors but also counsellors with deep knowledge in the field of Islamic studies.

The Bachelor of Communication (Honours) program aims to produce professional journalists and broadcasters with knowledge, skills and ethics in communication, as well as having a strong base in Islamic studies. This program complements existing communication program with Islamic philosophy, principles and values.

### Facilities

The faculty is well-equipped with modern facilities such as individual, group, family, children and adolescent counselling laboratories; conference room, resource centre, library and audio-visual teaching equipment. Other facilities include a student computer lab, communications studio to support the teaching and learning to broadcasting and journalism majors, cafeteria and student centre to enhance the self development and learning experience.

## USIM'S ACHIEVEMENT 3<sup>rd</sup> placing at MEKO Award

USIM participated in *the 3<sup>rd</sup> Malaysia Emerging Knowledge Organisation (MEKO) Award* held at Concorde Hotel, Kuala Lumpur from 4 to 5 December 2007. Five organizations have been short-listed to compete in the final. The University was represented by the Centre for Knowledge Management and Information Technology (PPITM). USIM is the first Public Institution of Higher Learning to have achieved a 3<sup>rd</sup> placing, and will continue on its *Practice of Knowledge Management journey* at the international level. The international level competition called the *Global Emerging Knowledge Organisation (GEKO) Award* is scheduled to be held on 8 May 2008.

PPITM as USIM's ICT centre has succeeded in inculcating and nurturing the knowledge management culture in the organization. This has certainly helped to enhance the quality of service to the customers. Congratulations to PPITM.
