ABOUT THE AUTHORS

Mohamed Akhiruddin Ibrahim

Mohamed Akhiruddin Ibrahim was born in Kuala Lipis Pahang on 16 April 1975. He completed his secondary education at Sekolah Menengah Agama Padang Tengku, Kuala Lipis. Due to his excellence in SPM, he was offered by the government to continue his studies in Islamic Education in al-Bayt University, Jordan, and completed it in 1999. In 2001, he obtained a Diploma in Education (Teaching Islamic Religion and Arabic Language) from the Islamic Teaching Institute in Bangi. His love for knowledge never stopped as he continued his Master's Degree in Quranic and Sunnah Studies at Universiti Sains Islam Malaysia (USIM) and completed it in 2006. He was a teacher at Sekolah Menengah Agama Kerajaan Pahang for six years, from 2002 until 2008. He also used to be a part-time lecturer at UiTM Pahang in 2002. Currently, he is working at USIM starting from 2008 as a Tamhidi Teacher. He is a very dedicated towards his profession, as he was awarded with Excellent Teacher Award twice in 2003 and 2005. He also was awarded by the Pahang state government with Excellent Service Award (APC) in 2007, and the same award by USIM in 2009.

Rahimah Saimin

Rahimah Saimin is an English Teacher at Tamhidi Centre, USIM. She was born in Lahad datu, Sabah on the 1st of June 1978. She started her schooling at Sekolah Rendah Kebangsaan St. Dominic, Lahad Datu and then continued her studies at Sekolah Menengah Kebangsaan St. Dominic, Lahad Datu. After completing her studies at SMK St. Dominic, she was offered by the government to pursue her studies in Bachelors Degree in Education (TESL-Teaching of English as a Second Language). It was a twinning programme between PPP-ITM/UKM. She completed her studies with flying colours and successfully graduated in 2002. She started her career as a lecturer at IUCIT (formerly known as Twintech College) from October 2002 until May 2004. Then, she was offered by UiTM to be a lecturer at INTEC, UiTM Section 17 Campus, Shah Alam from June 2004 until May 2009 before servicing for USIM. Apart from that, she also used to be a part-time lecturer in a few private institutions of higher learning like KUTPM and UNIKL.

The Universe in the Holy Quran

This book is intended generally for young children and specifically for the Muslim kids. It illustrates the beauty and some secrets of the Universe from the beautiful angle of Islam that must be discovered by all Muslim younger generations. It fulfills those who seek for the truthful answers from Islamic dimension of thinking. It reveals some scientific facts about the earth, solar system, planets in the solar system and also star and galaxy. This book provides evidence like verses taken from the holy Quran as the evidence for every claim and discussion. By knowing the Universe, it is hoped that the children will put one step further to get to know the Almighty Creator and then further develop their love and devotion to Him.
